🐙 Saddalayogesh

PROFILE SUMMARY

Passionate Java Full Stack Developer with hands-on experience in designing, developing, and deploying scalable web applications using Java, Spring Boot, React.js, REST APIs, Microservices, and MySQL. Skilled in clean code, backend logic, and performance optimization. Strong collaborator with proven ability to deliver robust and maintainable solutions.

EDUCATION

Siddharth Institute of Engineering and Technology

Bachelor of Technology in Computer Science (AI & ML Specialization)

2022 - 2026

WORK EXPERIENCE

EduNoVerse Tech Solutions

Java Intern

Aug 2025 - Oct 2025

- Gained hands-on experience in Core Java, OOP principles, and backend project development.
- Enhanced debugging, problem-solving, and code optimization skills through real-world projects.

ThinkChamp Pvt. Ltd.

Front-End Development Intern

Jan 2023 - Feb 2023

- Designed and developed responsive web pages using HTML5, CSS3, and JavaScript (ES6+).
- Integrated RESTful APIs to dynamically fetch and display data, improving user experience.

PROJECTS

Railway Reservation System

- Developed a web-based booking system with real-time search and ticket management features.
- Implemented Java, JDBC, and MySQL for backend and HTML, CSS, JS for frontend.

CropSmart – Smart Agriculture Web Application

- Built a platform providing crop insights and fertilizer recommendations using real-time data.
- Focused on data-driven decision making to support sustainable agriculture.

Employee Management System

- Created a CRUD-based full-stack application to manage employee records efficiently.
- Utilized Java, Spring Boot, MySQL, and Servlets for complete backend integration.

SKILLS

Frontend: HTML5 | CSS3 | JavaScript (ES6+) | React.js

Backend: Java | Spring | Spring Boot | REST APIs | Microservices | Spring AI

Database: MySQL | JDBC | Hibernate

Tools & Version Control: Git | GitHub | Maven | VS Code

CERTIFICATIONS

• Java Full Stack Development – ThinkChamp Pvt. Ltd.

Hands-on training in Spring Boot, React.js, MySQL, and building real-world projects.

• Java Programming Online Course [Beginner to Advanced] – GreeksForGreeks

Developed Core Java and OOP skills through multiple practical projects.

• SQL (Basic & Intermediate) – HackerRank

Gained proficiency in database queries, joins, and data manipulation for real-world applications.
